

My name is Jill Bush and I am an Executive National Vice President and Independent Consultant with Arbonne International.

I was introduced to this amazing brand in my friend's living room and today I get to share it virtually with you.

I fell in love with their philosophy and their Ingredient policy and immediately switched my brand.

After watching my friend for a few months, I decided to join her and start sharing the products and possibilities with friends and family.

I fell in love with the community so much that I always like to say Arbonne found me and I am so glad it did because I found my purpose here.... I found me!

It makes me emotional to talk about it because I am not the same person I was when I began.

I am in love with this company, I am in love with their mission to empower people to flourish with sustainable Healthy Living and I am in LOVE with their products and community.

I am so proud to be aligned with a company that is Certified B Corp that empowers people to flourish while helping to create a sustainable planet for our future which I feel is so important.

People come into Arbonne for many different reasons.

Some come for the products some come for the community and some for the personal growth and some for more flexibility. I came in because of the products

This is truly a place where people can prosper and flourish!!!!

I love their simple holistic approach to beauty and wellbeing through our plant powered Vegan, Cruelty Free and Gluten Free line.

We are all about EMPOWERMENT, TRANSPARENCY, SUSTAINABILITY!!!

Our 30 Days to Healthy Living is my favorite line! I am obsessed! I use it daily; I love it and I share it!

There is not a day that goes by where my morning doesn't start with a shake! It has helped me create healthy habits for life!
